

## Asbestos Awareness

*Asbestos awareness training is legally required for anyone who may be exposed to asbestos containing materials during their working activities and those that supervise their work activities*

COURSE DURATION:	1/2 Day
COURSE FEE:	£50 per delegate
COURSE FEE:	Also Available as an Open Course or In-House

### WHO IS IT FOR?

Asbestos awareness training is legally required for anyone who may be exposed to asbestos containing materials during their working activities and those that supervise their work activities. The training is also useful for anyone requiring a better understanding of the basic elements of asbestos in buildings and is a good "stepping stone" to more in-depth courses.

### COURSE CONTENT

Asbestos Awareness course content is governed by Regulation 10 of the Control of Asbestos Regulations 2012 and includes the following elements:

- The properties of asbestos and its effects on health, including the increased risk of lung cancer for asbestos workers who smoke;
- The types, uses and likely occurrence of asbestos and

ACMs in buildings and plant;

- The general procedures to be followed to deal with an emergency, for example an uncontrolled release of asbestos dust into the workplace; and
- How to avoid the risks from asbestos, for example for building work, no employee should carry out work which disturbs the fabric of a building unless the employer has confirmed that ACMs are not present.

### ASSESSMENT

Delegates are required to complete a short multiple choice exercise to demonstrate an understanding of the course subjects.

### QUALIFICATION AND CERTIFICATES

Successful completion of the course will demonstrate a basic awareness of asbestos and compliance with Regulation 10 of the Control of Asbestos Regulations 2012.

Delegates who successfully complete this course are also issued an IATP Asbestos Awareness Training Certificate of Competence.

### COURSE LOCATION

This course can be delivered at your premises or at our training facilities.
